

## Study on Unity

### Genesis 11 verse 6

Here the people of Babel were building a tower to heaven. They were invoking unclean supernatural powers to do so. The Lord came and saw the work they were doing and said because they were in unity nothing will be impossible so he had to scatter them and make them to have different languages. This was a declaration that walking in unity provokes a spiritual presence that makes nothing impossible due to more spiritual capacity being invoked when more vessels are together demanding a manifestation.

In the kingdom of God this law of unity was demonstrated in Acts chapter 2 when All Jews from different places came together in prayer; this invoked such a supernatural presence of God that there was a manifestation of a storm, fire as well as different tongues being spoken. Here such great capacity was invoked through unity.

When wanting to know what is actually happening spiritually and why such force and power comes from unity we go into 2 Kings chapter 6 where Elisha asked the Lord to open the eyes of his servant so he could see what the presence of God looked like spiritually. The servant saw many chariots of angels on horses which was invoked by 1 prophet. Imagine many gathering now in unity, how many chariots and horses will be invoked. No yoke or stronghold or curse will be able to withstand the presence of God through unity.

When Jesus said greater works you will do, these are one of the aspects he was talking about. Jesus dying allowed the Holy Spirit to be in more than one place. Jesus was basically telling us when he goes the Spirit will be in more than one place at once. People coming together will invoke such a powerful presence because we can all have the Spirit. In the end times we are in this is the capacity needed through unity in order to survive. We need to call down a great capacity of God so nothing will be impossible to deal with.

Unity is also a concept that dwells in the Word as it was declared; when 2 or more ask something in the Lord's name he will do it. The presence invoked there can not be withstood. This is why marriages are so dangerous. The enemy doesn't want 2 believers in one house it is a 24-hour misery for the enemy. The devil is already outnumbered by God's camp as one-third of angels were stripped from heaven. So the demons are already outnumbered when Christians are in unity; it causes such lack and need for help in the kingdom of darkness.

### **Ezekiel 37:17**

Here in Ezekiel the lord speaks about bringing all the tribes together and making them into one stick and then using them.

God had made many great nations who are all made in different images of God. Bringing the nations together in unity will enable the body of Christ to be brought together and used as one stick metaphorically in the lord's hands.

### **2 great examples we see in the bible**

of unity is when Esther made all the Jews fast for their liberation from the law that was going to put them to death. This law was reversed through Jews gathering in unity and praying. Peter was also released from prison in Acts when the church gathered together to pray. This shows that even in today's life if we stand firm in unity and fullness of Christ; there are so many laws in place that we can break and bend to the advantage of the faith through the supernatural presence of invoking God's army in unity.

The Christian church is behind as churches are too busy competing with each other. However on the other hand the dark side are United in cursing Christians. The dark side issue punishment upon each other when there is no unity. How is it that darkness are more of advocates for unity than modern day Christian.
