

Who are Life Creations?

A dynamic youth organisation who use unique methods of education to build giants. Through our robust mentoring scheme and transformative identity programme we empower and equip young people to navigate through society. Using biblical and practical principles we help change, challenge and shift the perspectives of young people in order to develop and shape the community.

We partner with secondary schools, parents, alternative provision centres, youth clubs, churches, other young organisations and institutions. We help combat mental health issues and minimize knife crime and gang violence.

What do we offer?

Our identity programme:

- Biblical principles and practical and diverse methods to challenge the thinking of our young people
- Group and independent work which demonstrates their abilities and heightens their confidence and self awareness towards their identity and purpose.
- Unique forms of interaction which ensures kids are engaged and stretched.
- Relatable current and personal events to maintain a realistic and accessible approach

Our mentoring programme:

- Expose young people to biblical and practical principles which supports personal development
- Matches young people with relatable, experienced and passionate mentors
- We set targets to enable positive progression
- We create a community culture that enables the young person to stand out (within this we maximise our fellowship avenue which includes teaching and discussing of the word, prayers and words of encouragement and wisdom.
