

### ***Mission statement:***

Our mission is to build young people into giants. We aim to empower and equip them with the necessary tools to navigate through society with precision and power. Our identity programme is designed to shift and enlighten the minds of our young people and transform their perspectives. Our robust mentoring scheme is designed to develop the young person holistically which is inclusive of : developing their confidence, their mindset, connecting them with relevant people within their industry, awakening and promoting active spirituality.

### ***Vision statement:***

Our vision is to ensure we enter every school, PRU, youth club and academic institution across the UK and globally. Witnessing every young person being transformed into a giant and walking in their destiny, purpose and calling. Our love for education drives us to ensure our services become part of the curriculum and a mandatory component. We believe schools should prioritize the mental health of their students and focus on developing their self - confidence which could help assist the vision of excellent academic outcomes. As young people begin to know who they are this could in turn build a more effective and efficient community. This in turn will help build a more effective, vibrant and smooth running community.

### **What do we need this year?**

*(Where do you fit in?)*

**Awareness and exposure** - We are doing great things but more people need to know about this! You can help us by joining or visibility campaign this summer between June-August we are actively looking for volunteers.

**Commitment and excellence from individuals** - This is a standard we demand when working with us on such a important and sensitive mandate.

**Documentation and testimonies** - The great things we are doing needs to be showcased, acknowledged and known **(Matthew 5:14-16)**

**Funding and Partnerships** - To take this mission and vision to another level we require funding through: grants, sponsorships and regular donations.
