

Dear Future employees,

Life Creations was established in **September 2012** and has impacted over 10,000 young people's lives since. Through our robust mentoring scheme and transformative identity programme we empower and equip young people to navigate through society. We partner with secondary schools, parents, alternative provision centres, youth clubs, churches, other young organisations and institutions. By using biblical principles and diverse means of engagement every young person is challenged to transform.

It is a unique and spiritual experience working with us as we intentionally incorporate fellowship and active spirituality to build the giants in the spirit first. Working with us means you have to be committed and hold a great insight, connection and conviction towards the ethos. Meaning if you choose to work with us it must go beyond the desire of financial gain or public recognition. We believe that we are spiritual beings first and our foundation, progress and impact has been governed and built in the realm of the spirit first which proceeds with practical and tangible results.

***“No one can work with Life Creations and remain the same. As we change the lives of others through numerous outlets our own lives have been transformed”*** – Amanda Nankumba (employee of six years).

We do not shy away from building the culture of excellence and serving in truth whilst dedicating ourselves effectively to the youth of today via the meticulous methods and strong strategies. With our first call and accountability being towards God, then ourselves and then the company.

***“Work as if you were doing it for the Lord not for people”***- Colossians 3:23

We pride ourselves in taking God's work seriously however we do so with great joy, banter and support from all angles. Every worker who has come on board would have previously: worked voluntarily with us, been trained rigorously, understood the culture and their significant and input of their role within this ethos. We want you to have a voice at the table, be part of making history and creating a legacy through this amazing organization.

We look forward to meeting you and allowing you to begin this journey of building giants!

**From the Life Creations Team**
